

## **Transfer Agreement for Associates of Teaching Degree**

### **South College and Roane State Community College**

---

South College and Roane State Community College hereby enter a partnership that promotes student transfer and program articulation. The partnership facilitates the transfer of associate degree course credit to program requirements for South College undergraduate teaching programs.

The intent of this agreement is to encourage Roane State students to complete the Associate of Science in Teaching (A.S.T.) degree prior to transferring to South College. Roane State students who successfully complete the A.S.T. degree will have all Roane State credits accepted for transfer without evaluation on a course-by-course basis (See Transfer Checklist associated with each program). This does not guarantee admission to any South College program. All other academic and program requirements for the major degree and college (such as the college admission requirements, grade point average, technical standards, interview, drug/background screening, observation hours, additional courses, etc.) must be satisfied. Students in any articulated program will not be expected to meet any additional (or fewer) requirements than non-transfer South College students.

1. Roane State will signify on the student's transcript that the A.S.T. degree was completed according to the articulated curriculum. South College will, when evaluating the student's transcript, honor the terms of the agreement for transfer credit to South College.
2. Prior to completing the A.S.T. degree, students should have access to advising from Roane State and/or South College staff on the program of study leading to completion of the A.S.T. degree. During this period, students should also have access to advising by South College staff regarding requirements of the program of study at South College.
3. Students must meet all other graduation requirements of South College including the general, major, and professional educational requirements. This includes minimum credit hours, institutional/departmental grade and grade point average requirements, and upper division credit and grade point average requirements, as stipulated in the South College Catalog.
4. For participating students, the transfer agreement is effective for six year from the original entry into college level work at Roane State. If more than six years elapse from the student's initial date of participation under the agreement, the transfer agreement in place at the time of transfer to South College will determine the students' progress toward degree completion. If prerequisite requirements change during this period for the designated program, South College will communicate the change to Roane State.
5. For students not completing an associate degree, South College will evaluate transcripts on a course-by-course basis.

\* All courses must be completed with a grade of C or higher to be accepted as transfer courses.

\*\* These courses must be taken at South College or if taken at Roane State, course review will occur for equivalency.

Completion of these courses does not guarantee admission into the South College School of Education. An application for general admission to South College and meeting the admission requirements for the School of Education must be submitted. It is important that students contact the South College admission Department (865-251-1800) regarding general admission. Students should contact the School of Education (865-288-8219) to determine admission criteria for the School of Education. See the South College Catalog or website (south.edu) for additional information.

Note that course requirements may change. It is the student's responsibility to check with South College to ensure all courses will transfer. This list of courses is not intended to replace your academic advisor. See your advisor for assistance in planning your coursework.
